

## Teacher Management System

The Teacher Management System provides teachers with the tools they need to accelerate student progress. The Teacher Management System features an easy-to-use **communication center** for students to receive teacher feedback.

### Generate reports

- View summary data on class completion
- Examine specific data on individual student completion

### Shape student content

- Select exercises based on student proficiency
- Provide access to *TOEFL Primary* practice questions and a *TOEFL Junior* practice test

### Evaluate students' speaking and writing responses

- Review student activities
- Read/listen to student responses
- Access ETS scoring rubrics
- View examples of student responses at different levels
- Provide personalized feedback on speaking and writing practice using the rubrics
- Provide written comments through email

Success Starts Here.

## Introducing the English Learning Center

From ETS, the creator of the *TOEFL® Primary™* and *TOEFL Junior®* tests

Interactive online learning activities designed to help young students reach their full potential in English-language proficiency

## ETS now offers a new learning resource for teachers and young students: the English Learning Center

Designed to enhance students' English-language skills, each English Learning Center offers interactive and engaging activities through a subscription-based online program.

### Each program includes

8 theme-based units with approximately 20 total hours of learning material cover learning objectives that are common to a wide range of curricula.

Teachers can monitor student progress and relay feedback through the Teacher Management System.

Teachers can select the English Learning Center offering that aligns with students' needs:

### **TOEFL® Primary™ English Learning Center**

- For students ages 8+
- Focus: reading, listening and speaking

### **TOEFL Junior® English Learning Center**

- For students ages 11+
- Focus: reading, writing, listening and speaking

Each English Learning Center supports communicative language teaching and learning through interactive activities relevant to real-world English settings. It also allows each student to work at his or her own pace, completing online exercises and recorded practice tests. Many of the activities are iPad® compatible.

## TOEFL® Primary™

### ENGLISH LEARNING CENTER

The *TOEFL Primary* English Learning Center is appropriate for a range of proficiency levels. Teachers can select the activities that are most appropriate for their students, customizing the learning experience. Students ages 8+ enjoy interactive lessons to enhance their reading, listening and speaking skills.

The *TOEFL Primary* English Learning Center activities facilitate assessment for learning with automated feedback that indicates areas of strength and areas for improvement.

Students and teachers can become familiar with the *TOEFL Primary* tests through practice questions.

## TOEFL Junior®

### ENGLISH LEARNING CENTER

Students ages 11+ participate in engaging activities to enhance their reading, writing, listening and speaking skills. Meaningful exercises help them develop both their everyday and academic English skills. The program not only fosters language competency in the four main skills but also incorporates needed subskills, such as skimming, scanning and making inferences.

The *TOEFL Junior* English Learning Center includes a practice test, helping to identify areas of strength and areas for improvement. Two customized versions are available:

The *TOEFL Junior* Standard English Learning Center offers an "Exploring Language" feature to raise students' linguistic awareness. Students engage in shorter text-completion activities, such as notes, emails, announcements, brief bios and book extracts.

The *TOEFL Junior* Comprehensive English Learning Center offers intensive, in-depth writing and speaking practice, such as summarizing a lecture or explaining a homework assignment.
