

MySmartABC Portable English Classroom

User Manual

Important points to note before using MySmartABC Portable English Classroom

Point 1:

If you want to run MySmartABC on your tablet or mobile phone which runs on iOS 8.0, Android 4.4 or a more recent operating system, please keep MySmartABC (at the following web address:

www.MySmartABC.com/ABCD) as a bookmark (and pin it onto the home screen).

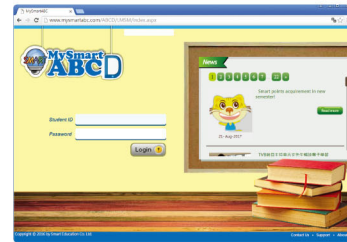

MySmartEDU App is now available!

Download "MySmartEDU" through the following applications.

Point 2:

System requirements for running MySmartABC on a desktop:

We recommend you use Google Chrome or Microsoft Edge of the latest version so that the platform can be used in a more stable and smoother manner.

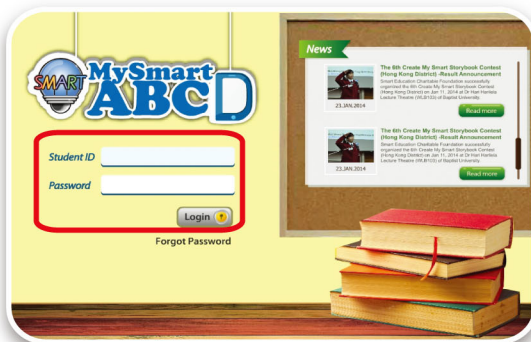

Google Chrome

Microsoft Edge

Instructions on using MySmartABC Portable English Classroom

Step 1: Logging on to the system

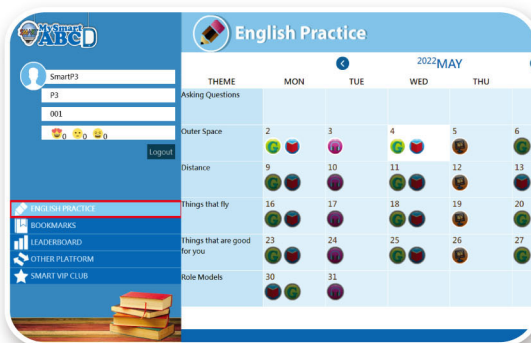

Click on the 'MySmartABC Portable English Classroom' link on your school's website or type 'www.MySmartABC.com/ABCD' directly onto the address bar of your browser.

Once you are taken to the page shown on the left, enter your personal login ID and your personal password and then press "Login" to log on to MySmartABC Portable English Classroom.

If you lose your password, please contact us by phone or email.

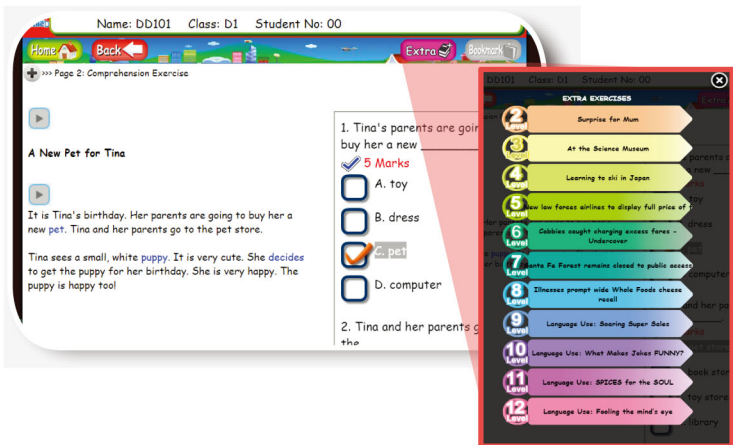

Step 2: My English Practice Calendar

Click the **ENGLISH PRACTICE** button to access your daily online homework and complete the exercise(s) designated for the day according to 'My English Practice Calendar'.

MySmartABC Portable English Classroom offers a good variety of learning materials ranging from reading comprehensions, spelling tests and grammar exercises to listening comprehensions, speaking practices and e-books.

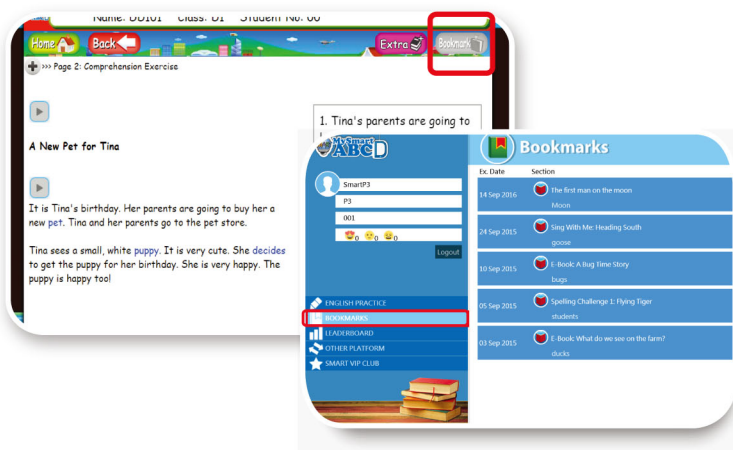

Step 3: Submitting completed exercises to get immediate feedback

Upon completion of an exercise, click the **Finish** and **Submit** buttons to submit homework and get immediate feedback on your performance, which shows whether your answers are correct.

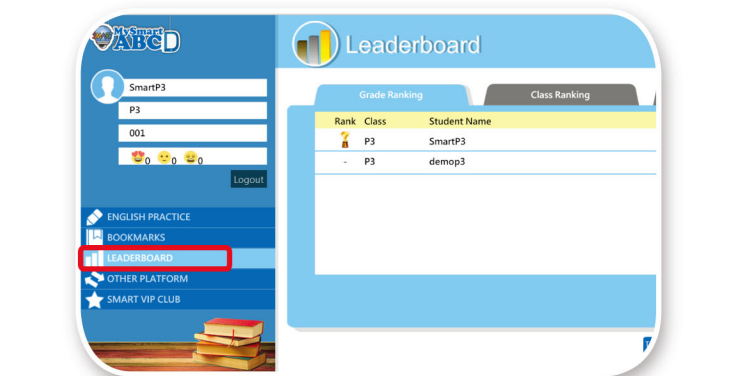

★ New Feature!

From now on, you will be awarded one additional exercise a day for finishing your daily online homework on time. Click the **Extra** button near the top right-hand corner of your browser to attempt one more exercise and challenge yourself!

Step 4: My Bookmarks

To store a particular part of an exercise for future reference, click the 'Bookmark' button located near the top right-hand corner of your browser, type the text you want to retain on our database into the text box that pops up and then click the purple 'Bookmark' button. When you are taken back to the main page, click the **BOOKMARKS** button near the bottom left-hand corner to pull up the list of bookmarks that you have saved.

Step 5: Access other platforms

After completing exercises designated for the day, go to the **Leaderboard Top 10** to check out your current position among your schoolmates!

If you have enrolled in more than one of our portable classrooms, click the **OTHER PLATFORM** button to switch over to the other systems without having to log in again!

If you have finished all your online homework, click the **Logout** button to log off.

Step 6: Smart VIP Club

You will also be awarded 'Smart Points' for finishing your daily online homework. Extra 'Smart Points' will be awarded for finishing online homework on time as well as for completing specified numbers of additional exercises. After you have collected 'Smart Points', you can redeem 'Smart Points' for gifts as tangible rewards for your hard work. Enjoy!
