Dear Principal and Teachers,

Seminar Invitation: “How can schools successfully apply for PEEGS on e-learning initiatives?”

Does your school want to implement e-learning initiatives under PEEGS? However, did you know NOT all e-learning projects will be approved under this scheme? We write to cordially invite you to our seminar to find out more. We will share our experience with you, and you can also hear directly from teachers who have successfully applied for the PEEGS funding in previous rounds.

Seminar objectives

With the support of SCOLAR and subsidy from the Language Fund, the Education Bureau launched a Grant Scheme on Promoting Effective English Language Learning in Primary Schools in the 2017/18 school year. The time-limited Grant (“PEEGS”) is to help schools develop their school-based English enhancement measures to further promote effective English language learning. In the seminar, we will discuss how schools can effectively use the e-learning resources to facilitate learning and teaching and how we can assist teachers to overcome issues and challenges along the way: from proposal development, project implementation to evaluation and reporting.

Theme: **How can schools successfully apply for PEEGS on e-learning initiatives?**

Discussion topics:

1. Do’s and Don’ts on the PEEGS proposal development (e-learning in particular)
2. Success stories and things to note during the application process
3. Innovative measures to teach English with promising results

Date: December 5, 2018 (Wednesday)
